# Continuing Education Information

Nebraska Department of Environment and Energy -- In accordance with Section 009 of Chapter 10, Title 124 On-Site Wastewater Treatment Systems, **105 total professional development hours have been approved.** Please be aware that Nebraska only allows certified professionals to receive PDH credit for 2 hours of business, tax, or other peripheral education during a 2-year certification cycle.

Included below in this document is a list of sessions approved. All presentations considered "peripheral" education are marked with a "Y" under that column, noting that only 2 total hours from those sessions will be credited per certified professional per certification cycle.

**To receive credit, please follow the process below:**

- WWETT will send records for all sessions you attend to this accrediting body if you do the following:
    - Register for a pass that includes access to conference sessions AND have your badge scanned at the door when you enter the session(s) for which you would like credit (badge scan must show "Granted" status); AND
    - Provide your NDEQ certification number when you register for the WWETT Show.
- Attendees will receive a Certificate of Completion listing all sessions/hours they completed. Attendees can access/download their WWETT Show Certificates of Completion in the Registration Resource Center within 4-6 weeks of the conclusion of the WWETT Show. An email will be sent to attendees with instructions for downloading certificates once they are available.
- Attendees should keep their Certificates of Completion on file for their own records.
- **If you do not provide a valid certification number when registering, the WWETT Show cannot submit your attendance records.**
